YASHWANTH M

Full Stack Developer | Generative AI

yashwanth24m@gmail.com | 9019944715 | linkedin.com/in/yashwanth433 | github.com/Yashwanth433 | Bengaluru

SUMMARY

Full Stack Developer with experience in Generative AI integration and building and maintaining web applications using Java, Spring Boot, React.js, JavaScript, REST APIs, and SQL. Skilled in frontend and backend development, database integration, API development, debugging, and application maintenance. Familiar with prompt engineering and AI-assisted development tools to enhance application functionality and development productivity. Experienced in Agile/Scrum methodologies, Git version control, and collaborative software development.

TECHNICAL SKILLS

Programming Language : Java, Python, SQL

Frontend: React.js, JavaScript, HTML5, CSS3, Bootstrap, Hooks, Responsive Web Design

Backend : Spring Boot, Spring MVC, Spring Security, REST APIs, Hibernate, Node.js, Express.js, Microservices

Generative AI : Large Language Models (LLMs), Prompt Engineering, Gemini API, Open API, LLM Integration, Retrieval-Augmented Generation (RAG), Embeddings, Vector Search, LangChain4j, GitHub Copilot, Claude Code

Databases : MySQL, PostgreSQL, MongoDB, Database Design, Query optimization

Tools & Technologies: Git, GitHub, Jenkins, Maven, Docker, Jira, Postman, Swagger, Microsoft Azure, AWS

Development Practices: Software Development, Agile/Scrum, SDLC, Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), API Integration, Debugging, Troubleshooting, Root Cause Analysis, Defect Resolution, Code Reviews, Version Control, CI/CD, Software Testing Fundamentals

Certifications: Azure AI-900 Fundamentals Certification, Generative AI and Prompt Engineering certification

WORK EXPERIENCE

ASSOCIATE SOFTWARE ENGINEER - EMPOWER Jul 2025 – Mar 2026

- Developed and maintained full-stack applications using Java, Spring Boot, React.js, JavaScript, REST APIs, and SQL, while exploring Generative AI integration and prompt engineering to support AI-assisted application development.
- Designed and enhanced responsive React.js components, resolving 60+ frontend defects through debugging, troubleshooting, and root cause analysis to improve application functionality and user experience.
- Built and integrated RESTful APIs using Java, Spring Boot, and SQL, resolving 20+ backend and API issues while maintaining reliable communication between frontend and backend services.
- Delivered 50+ Jira stories covering feature development, UI enhancements, API integration, and defect resolution while collaborating with cross-functional teams in Agile/Scrum sprints.
- Applied AI-assisted development tools for code generation, code understanding, debugging, and refactoring, using effective prompts to improve development efficiency and code quality.

PROJECTS

TALENT MATCH AI — AI-POWERED RECRUITMENT PLATFORM | Java | Spring Boot | React.js | Gemini API

- Developed a full-stack recruitment platform using React.js and Spring Boot, featuring job posting management, candidate profiles, resume analysis, and job-to-candidate matching through REST APIs.
- Designed a Retrieval-Augmented Generation (RAG) workflow using document chunking, embeddings, and vector similarity search to retrieve relevant resume and job description content. Used the retrieved information for skill-gap analysis and role-specific interview question generation.

RESOLVE AI — AI-ASSISTED CUSTOMER SUPPORT SYSTEM | Java | Spring Boot| React.js | REST APIs | H2

- Built a customer support ticket management system with ticket creation, status tracking, issue categorization, and priority management, using React.js for the frontend and Spring Boot for backend services.
- Implemented AI-assisted support workflows using Gemini API to summarize customer issues and draft context-aware responses, with editable suggestions and human review before sending.

EDUCATION

- **Bachelor of Technology** - CMR University, Bengaluru Dec 2021 - May 2025
  Computer Science and Engineering | **CGPA: 9.1**
- **12th grade (Pre-University)** - RJS PU College, Bengaluru Aug 2019 – Jul 2021
  PCMB | **Percentage: 94%**
